FOR A BEAUTIFUL, CLEAN AND SAFE PLAYA GRANDE

The sustainable Playa Grande Association is a non-profit organization founded to improve, protect and responsibly build the Playa Grande Community.

Our mission is to promote a balance between coastal development, human well-being and environmental conservation. The initiatives we coordinate range from environmental education, to living responsibly within a National Park, to strategies that help keep our town safe.

Our board of directors, our administration department and our committees are made up of community members who, because of their love for Playa Grande, are dedicated to coordinating community efforts and demonstrating their sustainability.

WHAT IS THE PLAYA GRANDE NEWSLETTER?

We are excited to announce our new monthly newsletter, which will be shared with our beautiful community at the end of each month.

In this newsletter you will be able to see the advances and improvements that the APGS with different members of the community, have been working on in order to have a beautiful, clean and safe Playa Grande.

TREE PLANTATION

With the help of some volunteers from Reserva Conchal and different members of the community, we managed to restore the garden of the Playa Grande School

HIRING AN ADMINISTRATOR

The APGS hired Priscilla Solano as administrator of the association

Priscilla Solano Ramírez

PRIVATE SECURITY IN PLAYA GRANDE

Playa Grande has Private Security, these officers are working at the moment so that in the morning there is one officer and at night there are two officers working together to monitor the different areas of our community.

For us it is very important to inform the community of the work that these officers have been doing and how they contribute to the order and safety of the community.

This is why we have summarized their work as follows:

- The officers are in charge of maintaining order on a daily basis at strategic points, such as the bus stop in front of the Playa Grande School and buildings around the community. The work they do with this issue is that every time they see or received a complaint about inappropriate behavior (music at excessive volumes, alcohol consumption in public, constructions works late at night...) the security officers communicate with the people who are influencing these issues to give them the respective call for attention and also call the Public Force if necessary.
- Security officers also help report electrical problems with street lights if needed, they are also in charge of collaborating with the Public Force and the 911 to report situations of theft and emergencies, etc.
- Many times security officers have noticed open or poorly closed doors that risk causing greater damage, so they also collaborate to close these doors if necessary and are also in charge of to put greater attention during their route.
